Nights

What Ability camps provide participants with 1:1 support in a relaxed, group environment. A typical stay is two nights and three days of non-stop fun! Here they are able to build meaningful friendships and develop independence through fun-filled social opportunities. What Ability is an approved Voluntary Out of Home Care (VOOHC) provider and supports participants in accordance with all relevant VOOHC requirements.

The unique experience is aimed at:

- Providing unique social opportunities
- Facilitating interactions and engagement with others of a similar age and interests
- Supporting development of meaningful friendships
- increasing independence in self care skills
- Exposing participants to new and different age appropriate activities they don't normally have the opportunity to access
